

GREAT SOUTH BAY AUDUBON SOCIETY'S ADOPT-A-QUAIL PROGRAM

Photo by Bob Labuski

The GSBAS' Adopt-A-Quail Program gives members an opportunity to aid the Northern Bobwhite Quail Restoration Project at Connetquot River State Park Preserve. The goal of this project is to restore the quail population to a self-sustaining level while educating the community about wildlife and the environment, as well as naturally reducing the tick population within the preserve.

The Northern Bobwhite Quail Restoration Project was started in 2006 by local resident, Cathy Wilvert. Cathy is a registered nurse, avid horsewoman, and nature lover who is concerned about the lack of ground birds and the high number of ticks at the preserve. With help from her husband, Ken, and four daughters, Theresa, Megan, Jennifer, and Emily, Cathy has been working steadily raising the chicks and releasing them in the preserve.

Your Adopt-A-Quail donation goes towards the purchase of a Northern Bobwhite Quail chick and its care until release day.

YES! I would like to adopt _____ Bobwhite
Quail chicks at \$5 each for a total of \$_____
