Sp	Species	first	last	all years, 1962-2014				last 10 years, 2005-2014				12/14/14	prev	note	
				freq	max	avg	min	freq10	max10	avg10	min10				
	Sp = species status														
	Species = species name														
	first = first year species recorded														
	last = last year species recorded														
	* = indicates first or last year was count-week only														
	freq = frequency species recorded, all years														
	max = maximum total for species, all years														
	avg = average total for species, all years														
	min = minimum total for species recorded all years (53 years, as of 115th CBC)														
	freq10 = frequency species recorded, last 10 years														
	max10 = maximum total for species, last 10 years														
	avg10 = average total for species, last 10 years														
	min10 = minimum total for species recorded in all of last 10 years														
	12/14/2014 = date of 53rd Captree CBC, during the 115th CBC season														
	prev = prevalence of species across 9 territories, 14 Dec 2014														
	US = Unusual Species; max = all-time maximum count; max10 = maximum count over last 10 years; 1st = first occurrence on Captree CBC
